Report of Principal and School Improvement Council

Our theme this year is, "Star Polishers". The theme is based on our students being stars as we polish, shine, and buff them into twinkling beacons of success.

Programs were implemented to ensure students would gain success. Writing clinics were implemented to teach students strategies for PASS writing. Students were also offered supplemental tutoring services after school along with small group tutoring during the class day to strengthen their academic foundation. Computer and science labs were utilized as an added dimension to bring about success. Character education is an important building block the foundation of our students. We teach and recognize a trait each month and students actively participate in developing these traits here at school and at home. Teachers used MAP data from Fall, Winter, and Spring to ensure students were being taught at their appropriate levels.

We will continue to increase our technology through the use of I-pads, LCD projectors, Activboards, and the addition of another computer lab for student use.

Once again, BES students shone brightly in their efforts to raise money for Relay for Life and donate supplies and food for the homeless, Humane Society, and Iron City Ministries.

We have implemented many strategies that helped us achieve success such as grade level team planning. Teachers planned lessons to motivate and educate while providing activities that met the various learning styles of their students. Staff development included a focus on special needs, autism, and differentiation. We have continued to show academic growth this year, and we have been recognized by the state with the Palmetto Silver Award. Students were recognized for attaining high rates of growth in academic performance as measured by the annual PASS assessment.

Mrs. Monica Phillips was our Distinguished Teacher of Reading and Mrs. Brenda Moss was named Teacher of the Year for Blacksburg Elementary. We are extremely proud of the hard work and dedication of our teachers. We are looking forward to more success at BES as we continue to polish "our stars." On behalf of the faculty and staff of Blacksburg Elementary School, I would like to thank you for your continued dedication and cooperation as we all strive for excellence for all children.

Mrs. Cecile Comer, School Improvement Council Chairperson

Ms. Rita Martin, Principal

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
